Let us help you get started and start the transition while it lasts. I'm sorry, I'll have to think about this. I am not a teacher by trade, nor a professional in the "teaching" business. I am a software engineer and designer of the Cloud based CMS, that includes WordPress. I have written tutorials and articles that you can try and read. I am currently trying to come up with features of other CMS's. I have a website to which people can post their comments, ideas, questions etc, please feel free to go to those that interest you as well. I'm also looking for support from users. If you have not done so already you are in complete agreement with me when I say, "If you can contribute something I'd really appreciate it!". The only thing that I want is your feedback, and how to improve it. I'm very open to suggestions and feedback, as you probably do. You should also be aware that I have a personal website to which you can post your ideas, I'll see that, I'm also open to providing help in finding things I would like to add into this site, I can be found at webmaster@cloudblinkweb.com.
